OPERATIONS

Mission. The 138th Tactical Clinic will provide the medical support necessary to maintain the highest possible degree of combat readiness and effectiveness. This mission includes emergency care of outpatients, physical examinations, environmental health services, veterinary services, dental services and flight medicine, for all personnel of all satellite, tenant, or assigned units of this base.

Responsibilities. The 138th Tactical Clinic is responsible for:
Commanding, organizing, training, and administering assigned personnel.

Medical support for deployed units which includes flight medicine, emergency outpatient services, environmental health, and dental services.

Administrative services which includes required medical material services, credentials, health and dental records, records management, plans, and training.

Primary care which includes required outpatient care, nursing services, physical examinations, medical x-rays, medical laboratory, pharmacy, and optometry.

Dental services which includes a sufficient amount of routine dental procedures to test and evaluate equipment, facilities, and personnel

Veterinary services to include inspection and receipt of subsistence items, inspection of centrally procured subsistence at commercial processing plants, when directed. Perform routine inspections of dining hall operations, and sanitation training of food handlers.

Aeromedical services which include professional care of flying personnel, flying physical examinations, and environmental health.

When directed and operating a fixed facility, continued training and exercising emergency medical procedures, inventory and maintenance of materiel and equipment to maintain a constant state of readiness to deploy.
