

329th AIRDROME SQUADRON

MISSION

329th Airdrome Squadron was organized, equipped and trained for tactical employment as ground servicing units to support the Combat Cargo units in the combat zone. Their mission is to furnish all of the necessary "housekeeping" functions such as administration, mess and security, chemical and medical services, furnishing and supplying first and secondary echelon maintenance and supply, and to organize and operate airdromes. Airdrome squadrons are organized to meet the demand for a new type of servicing squadron. Which would permit the higher degree of mobility that is desirable for present day warfare.
