OPERATIONS

The 31st Medical Operations Squadron supports the readiness of the 31st Fighter Wing and associated units throughout the Southern Region, ensuring the health of its community by providing optimal patient-focused medical care from internal, Department of Defense and Host Nation resources. It employs medical resources and preventive initiatives to ensure the human weapons system remains mission ready to support the Expeditionary Air Force, U.S. and NATO objectives worldwide. The 31st Medical Operations Squadron provides approximately 36,000 outpatient visits annually to almost 8,700 beneficiaries. Services offered include Pediatrics, Family Practice, Internal Medicine, Allergy and Immunizations, Mental Health, Family Advocacy, Educational and Developmental Intervention Services, Digital Radiology and Mammography, Ultrasound, Drug Demand Reduction, Alcohol Drug Abuse Prevention and Treatment program, and a full-service Laboratory.
