### **OPERATIONS**

3303d Procurement Squadron Activated. Air Training Command activated the 3303d Procurement Squadron at Randolph AFB, Texas, on 1 November. The squadron was under the operational control of DCS/Logistics. 1972

In January 1978, ATC noted that the San Antonio Procurement Center had encountered major problems due to its location at Kelly AFB, an Air Force Logistics Command installation. Since the San Antonio Real Property Maintenance Agency was its major customer, ATC decided to collocate both organizations at the San Antonio Air Force Station. The move began at the end of 1978 and ended in May 1979. Also on 1 October 1978, Air Training Command redesignated the procurement center as the San Antonio Contracting Center, and at the same time, the command redesignated its 3303d Procurement Squadron as the 3303d Contracting Squadron.

The command activated the 3300th Training Support Group at Randolph AFB, Texas, on 1 October and assigned it to HQ ATC. At the same time, ATC reassigned nine of its direct reporting units to the 3300th: the 3302d Technical Training Squadron, the 3303d Contracting Squadron, the 3304th School Squadron (ATC NCO Academy), the 3305th School Squadron, the 3507th Airman Classification Squadron, the 3306th Training Development and Evaluation Squadron, the USAF Occupational Measurement Squadron (formerly a center), the 3307th Test and Evaluation Squadron (Acquisition Management), and the 3308th Technical Training Squadron (Advisory). 1990
