

78 OPERATIONS SUPPORT SQUADRON

MISSION

LINEAGE

78 Operations Support Squadron

STATIONS

Robins AFB, GA

ASSIGNMENTS

COMMANDERS

Lt Col Tim Hershberger

HONORS

Service Streamers

Campaign Streamers

Armed Forces Expeditionary Streamers

Decorations

EMBLEM

The blue and red background represents our host wing, and the squadron's commitment to the success of the wing's mission. The color of the lightning bolts and spearhead is white, which represents the purity of our intention supporting the defense of the United States. The six lightning bolts represent the speed and accuracy of the support the unit strives to provide to the flying mission. The six lightning bolts point inward toward the center representing the squadron's dedication to mission accomplishment through teamwork. The lightning bolts come together in the center in support of the spearhead, which represents an aircraft in flight and the Air Force mission, which is to fly, fight and win in air, space and cyberspace. The matching color of the lightning bolts and spearhead is representative of the direct link between operations support and successful mission accomplishment.
