EMBLEM

Ultramarine blue and Air Force yellow are the Air Force colors. Blue alludes to the sky, the primary theater of Air Force operations. Yellow refers to the sun and the excellence required of Air Force personnel. The compass rose signifies the fiscal challenges, the unit faces from all corners of the world, to meet tomorrow's threats by making every dollar count. The compass rose gives the squadron the ability to broaden its optics in every "direction" and balance priorities which ultimately ties directly into Air Mobility Command's priority of "Rapid Global Mobility". The unit continually demonstrates a shared commitment to global security and stability across the globe with innovative thinking, new operational posture in strategic regions, and new and enhanced capabilities that adjust to go in any direction that is needed. The globe represents the empowerment of Airmen with more talent and education than ever before that come from all over the world. The squadron continues to exercise its abilities daily providing a global presence with its Joint and Coalition partners around the clock and around the world. (Approved, 20 Jun 2018)
