## **OPERATIONS**

Oct 5-6 1959 The ARDC reorganization was announced; it included Air Force Research Division and three field organizations: Air Force Ballistic Missile Division (AFBMD), Wright Air Development Division (WADD), and Air Force Command And Control Development Division

(AFCCDD), their designations indicating function rather than geographic location. The final disposition of ADSID was not yet determined. 1959

Nov 2 Air Materiel Command's Electronic Systems Center was activated Hanscom Field as the AMC counterpart of the Air Force Command and Control Development Division (AFCCDD) in the Hanscom complex. Major General Clyde H. Mitchell was named ESC commander. 1959

Nov 16 AFCCDD was activated at Hanscom Field with Colonel Herschel D. Mahon as commander. 1959

Apr 1 AFCCDD, organized along lines proposed by the ARDC, became a functional reality with the assignment to it of Electronic Support System Project Offices, AFCRC, 3245<sup>th</sup> Air Base Wing, and the ARDC portion of ADSID. AFCRC Lincoln Project Office became Lincoln Laboratory Liaison Office under Director of Technology, AFCCDD.1960
